

**2025 Excellence in Preservation Award Winner  
Art Center of the Bluegrass**

The 2025 Excellence in Preservation Award went to the Art Center of the Bluegrass. The 1908 Oddfellows Building was transformed into a fantastic space that helped revitalize downtown Danville. As stated in the Art Center’s Preservation Award application it was their aim to “create something iconic.” Their vision helped preserve a wonderful piece of Danville history and create something that new generations will value far into the future!
